Verti-Cut® 1600

The Verti-Cut 1600 is the ideal deep scarification tool, the 2mm (0.07") wide blades work to a depth of 50mm (1.9"). The front roller not only allows the Verti-Cut to cope with undulations but also controls the working depth with precision. Blade spacing can be changed with the optional spacer kit.

Specifications

SKU	144.160.000
Working width (m)	1.6
Working width (inch)	63
Max. Working depth (mm)	50
Max. Working depth (inch)	1.96
