

# Rink DS3800 Evo

The Rink DS3800 disc top dresser has an internal conveyor belt which moves wet or dry material to the rear of the hopper where it is dropped onto the discs for spreading up to 14m (551'). The automatic rear gate opens & closes to prevent material being dropped when in transport ensuring no mess.

## Specifications

|                              |                        |
|------------------------------|------------------------|
| SKU                          | 133.380.002            |
| Operation                    | Towed version          |
| Spreading width (mm)         | up to 14000            |
| Spreading width (inch)       | up to 551              |
| Hopper capacity (m3)         | 3.8                    |
| Hopper capacity (FT3)        | 134                    |
| Max. Working speed (km h)    | 25                     |
| Max. Working speed (mph)     | 16                     |
| Spreading thickness (inch)   | 11.8 - 787             |
| Min. Tractor HP required     | 60                     |
| Required connections         | 1x Single acting valve |
| Empty Weight (kg)            | 1800                   |
| Empty Weight (lbs)           | 3968                   |
| Spreading width up to (mm)   | 14000                  |
| Spreading width up to (inch) | 551                    |
